

Mooncoin Ceili Dancers
have celebrated more than
30 years of performing
Irish Dance
from Minnesota to Ireland

*DANCE TO LIFT YOUR FEET.
DANCE TO LIGHTEN YOUR HEART.
DANCE TO LIBERATE YOUR SPIRIT.
DANCE TO SET YOUR SPIRIT FREE.*

The excitement of Irish dance is mainly in the legs and feet, with quick, graceful movements or vigorous battering steps carrying dancers though the complex, often geometrically patterned dances.

Irish ceili (KAY-lee) and set dance are forms of dance that have traditionally been practiced socially. These are the dances that have brought people together for celebrations of all kinds throughout Irish history.

Mooncoin Ceili Dancers honor these traditional dances, while infusing them with a modern performance spirit. We also create new choreographed dances in the ceili and set styles, demonstrating that all traditions are living, growing, constantly evolving entities that bring many and varied meanings into the lives of those that share them.

Mooncoin Ceili Dancers is a co-ed group that has been performing in the Twin Cities area (Minnesota, USA) for 32 years.
